

IEEE Reliability Society, IEEE Sweden Chapter, IEEE Norway Chapter

# IEEE Sweden and Norway, Reliability Society Joint Section Chapter

The IEEE Sweden and Norway, Reliability Society Joint Section Chapter has been formed since May 21, 2021.

## Vision

To promote recognition of the Reliability and reliability related professions and develop and disseminate Best Practices for effective reliability professionals from Scandinavian.

## Mission

- ⇒ Develop and provide technical information to the members through publications, conferences, standards, technical library IEEE Xplore, technical committees, and Chapter support.
- ⇒ Provide the members a professional platform to share experience, learn, and develop together.
- ⇒ Raise the voices of reliability professionals from Scandinavian to the world!

## ADCOM Team
