

## Dear Reliability Society Members,

One tradition when we celebrate our major anniversaries is to organize a special issue on our flagship journal of IEEE Transactions on Reliability. The VP for publications Prof. Phil Laplante and society treasurer Dr. Jason Rupe are working together with the Editor-in-Chief, Prof. Shiuhyng Shieh to plan this special issue by collecting articles to reflect the practical and theoretical advancements over the past few decades in the field of Reliability. The articles will not be technical-focused instead to present a perspective and/or overview in one reliability topic/theme. You are welcome to contribute an article in your expertise area and please feel free to contact Drs. Laplante and Rupe. A copy of the Table of Content of articles of the 50th anniversary special issue for your reference.

	<b>IEEE TRANSACTIONS ON</b>	
	<b>RELIABILITY</b>	published by the IEEE RELIABILITY SOCIETY
1998 SEPTEMBER	VOLUME 47	NUMBER 3-SP IERQAD (ISSN 0018-9529)
PART II OF TWO PARTS		
<b>IEEE Reliability Society</b>		
<b>50<sup>th</sup> Anniversary Special Publication</b>		
Foreword .....	<i>A. Plait</i>	305
From the editor .....	<i>A. Coppola</i>	306
Cover-letter and petition for the establishment of an IRE Professional Group for Quality Control .....		307
IEEE Reliability Society Milestones .....	<i>A. Plait</i>	311
I Remember ... ..		312
The history of reliability prediction .....	<i>W. Denson</i>	321
Electronics reliability: A personal view .....	<i>R. Evans</i>	329
Communications reliability: A historical perspective .....	<i>H. Malec</i>	333
Evolution of component-qualification methods for local component-manufacturers for Telecom application .....	<i>S. Settur, A. Kumar, Y. Lakshmi</i>	346
Space-system reliability: A historical perspective .....	<i>V. Lalli</i>	355
Probabilistic-risk-assessment applications in the nuclear-power industry .....	<i>J. Zamanali</i>	361
Human performance reliability: A historical perspective .....	<i>K. LaSala</i>	365
Applying software reliability engineering in the 1990s .....	<i>W. Everett, S. Keene Jr., A. Nikora</i>	372
Reliability physics in electronics: A historical view .....	<i>G. Ebel</i>	379
Reliability education: A historical perspective .....	<i>D. Keccinglu, X. Tian</i>	390
Revisited		
Landmarks in R&M Engineering .....		401
Wit & Wisdom from Evans & Gottfried .....		402
Reliability Songs .....		406
Reliability Victory Song		
Reliability Society Anniversary Song		
IEEE Reliability Society — Honor Rolls .....		411
1998 Annual Award; Previous Awards		
Recipients of the 1984 IEEE Centennial Medal
