

Inauguration ceremony of IEEE Reliability Society (Hong Kong Chapter)

IEEE Reliability Society (Hong Kong Chapter) plaque presentation by Prof. Kenneth Wong , Chair, IEEE Hong Kong Section (right) to Ir Prof. Winco Yung, Chairman, IEEE Reliability Society (Hong Kong Chapter) (left)

Audiences from government, academia and industry attended the inauguration ceremony.

Prof. Kenneth Wong (Chair, IEEE Hong Kong Section) with office bearers of IEEE Reliability Society (Hong Kong Chapter), IEEE RSHK. (From left) Ms. Jan Yeung (Committee Member, IEEE RSHK), Ir George Chan (Treasurer, IEEE RSHK), Mr. Peter Ng (Vice Chairman, IEEE RSHK), Ir Prof. Winco Yung (Chairman, IEEE RSHK), Prof. Kenneth Wong (Chair, IEEE Hong Kong Section), Dr. Adam Kok (Secretary, IEEE RSHK), Ir Clement Li (Committee Member, IEEE RSHK), Dr. Gary Wong (Committee Member, IEEE RSHK)

Prof. Steven Li (President, IEEE Reliability Society) introducing IEEE Reliability Society

Prof. Lance Fung (Director, IEEE Region 10) giving remarks at the inauguration ceremony.

Prof. Enrico Zio (Politecnico di Milano, IEEE Reliability Society Regional Past Chairman & Distinguished Lecturer) delivered his keynote speech at the event.

We are proud to announce the official inauguration of IEEE Reliability Society (Hong Kong Chapter), IEEE RSHK, on 27 September 2023. This momentous occasion was attended by over 100 guests from government, industry, and academia. The IEEE RSHK plaque was presented by Prof. Kenneth Wong (Chair, IEEE Hong Kong Section) to Ir Prof. Winco Yung (Chairman, IEEE RSHK) with remarks from Prof. Lance Fung (Director, IEEE Region 10) and Prof. Steven Li (President, IEEE Reliability Society).

Our heartfelt appreciation to all the co-organizers, supporting organizations, distinguished guests and friends from industries involved in making this event a reality. The event also featured the roundtable forum, keynote speeches and industry sharing sessions from renowned experts and industry partners in reliability, prognostics, and safety. The keynote speech was presented by Prof. Enrico Zio (Politecnico di Milano, IEEE Reliability Society Regional Past Chairman & Distinguished Lecturer) on "Reliability and Maintenance of Components and Systems today and tomorrow".

The IEEE Reliability Society, Hong Kong Chapter (IEEE RSHK) is a dynamic professional organization dedicated to the technological advancement and promotion of reliability and safety in Hong Kong. As a local chapter of the global IEEE Reliability Society, it serves as a platform for professionals, researchers, and students to collaborate, exchange knowledge, and enhance their skills in the field of reliability.

This new chapter will develop and disseminate reliability best practices such as testing, compliance, certification, system reliability, and product reliability. It will also be a leading forum in Hong Kong to discuss technological issues related to reliability including but not limited to issues, standards, and jobs. It will provide members with a professional platform to share experiences, learn and develop together. The chapter also organizes a wide range of activities and events, including technical seminars, both online and physical seminars, and technical visits, to facilitate networking and knowledge exchange among its members, with Centre for Advances in Reliability and Safety (CAiRS) providing full support for its activities. By fostering collaboration and knowledge exchange, the IEEE RSHK plays a vital role in advancing reliability in Hong Kong.
